

AIR ROWER 2.0

AR-2

Optional
Bluetooth/ANT+

The overall pull of the Xebex Rower 2.0 runs smoother with every pull, eliminating the aggressive startup pulls that force athletes out of their range of motion. As the athlete builds momentum, each pull becomes smoother.

CONSOLE

- Tracks and displays performance metrics, including distance, speed, calories, heart rate, and more
- Programmable interval functions
- Set distance time tracking
